OCCUPATIONAL HAZARDS--is something one hears about quite often in referring to various professions. Some occupations seem to have built a reputation for being the alleged source of certain mental and physical ailments that individuals sometimes develop who are under certain pressures in their business or profession.

There are some fields, obviously, that a person undergoes a certain amount of risk to life or limb.

Automobile racing, stunt flying, steeplejacks, policemen, firemen, etc. etc. could fall in that category.

In other fields, the physical danger is nil, but because of one thing or another, especially pressure real or implied, they are often referred to as "ulcer-provoking jobs."

Newspapering in modern times has become relatively free from any physical danger. Very seldom do you hear of an "irate subscriber" any more resorting to physical violence on an editor to get his point across.

But newspapering over the years has been rated high on the list in the "ulcer-provoking" category.

Apparently because of our low boiling point, we have managed to stay clear of ulcers. So far, that is.

But because of recent experiences, we are almost ready to change our mind about the physical dangers indirectly involved in this occupation locally.

It is not that newspapering in Campbell has become more dangerous.

It is what happens to our personnel when they are off the job that is changing our viewpoint.

Drive carefully, gang.

RECENTLY in this column we mentioned that SUE SMITH, one of the IBM typists at the Press, suffered a broken finger while playing volleyball in a P.E. class at West Valley College.

A broken finger for a typist is disastrous.

We are happy to report that Sue's digit has healed and she is once more pounding the keys.

Just in time, we might add, to be on hand for the second casualty for a staff member.

On the Fourth of July, which incidentally is her birthday, FRANCES CLEVER, our office manager, fell off a kitchen ladder in her home and broke her back. Fortunately there was no paralysis but it will take considerable time to heal.

We have become almost convinced that people in newspapers DO lead a dangerous life.

Off-duty, that is.

How are YOUR ulcers

Payroll gets bigger

City employees gain raises from council

Salaries of the 84 employees of the City of Campbell with fringe benefits are getting close to the $1 million mark and represent almost 50% of the total city budget for the year, City Council members learned Monday night, in adopting the salary schedule for the fiscal year.

Fringe benefits total more than $60,000 annually, it was noted.

After a prolonged discussion at a meeting that stretched past midnight, the council passed the salary resolution which followed the recommendation of the City Manager Bob Stephens, based on a salary survey of other cities. The scheduled amounts to an average of 3.77% increase for the employees.

Approximately 30 city employees were interested spectators at the meeting.

In his report to the council, Stephens explained that the majority of the cities used in the salary survey had approved an across-the-board increase of 5%. He said his office was not recommending such a hike because it "would only compound further unequities to our classification and pay plan."

Stephens added that the increases in salaries would cost the city $26,735.

During the discussion, council members took turns emphasizing the need for an austere budget this year so that the city's reserves would not be in an unhealthy position at the end of the fiscal year.

The city is starting the year with more than $500,000 in cash assets, Stephens reassured the council, and by following a sound fiscal program of budgeting and expenditures, the city can be in a sound fiscal condition at the end of the year with the salary increases he recommended.

The city manager, prior to the salary dis-

Meeting tonight

Parking district gets big boost

Encouraged by the reaction of those attending last Wednesday's breakfast meeting of the Downtown redevelopment Committee, concerning the formation of an off-street parking district, the committee meets again tonight at the city hall to discuss legal details of such a district.

Last Wednesday, committee members heard that it will cost $1,300,000 to develop an adequate downtown parking area. Tonight they will learn of the legal ramifications involved from Kenneth I. Jones, a bonding attorney.

The engineering firm of Creegan and D'Angelo that already has drafted a cost estimate of the district, will also review some of the engineering features of the project.

In a letter to committee members, John Faber, of the Campbell Memorial Chapel, and chairman of the committee, reported, "We are coming down the home stretch for the long awaited decision by all concerned on the future of downtown Campbell.

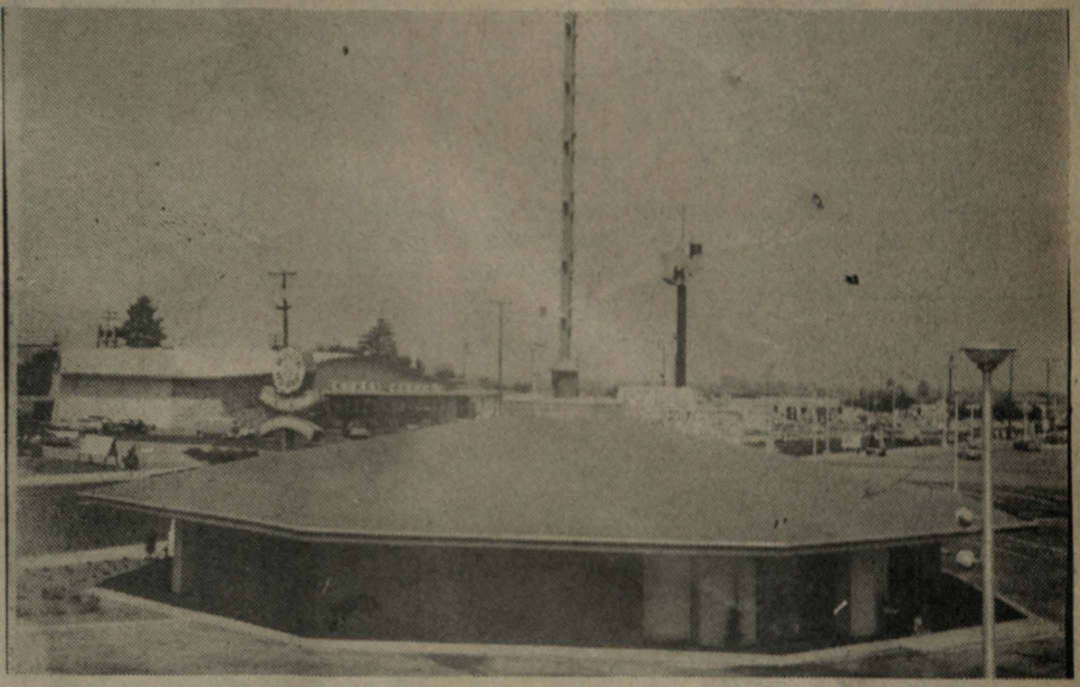
Faber added, "I feel that there is no other choice but to form a parking district to provide adequate off-street parking, if the business district is going to continue."

Committee members at their last meeting indicated that they also favored Campbell Ave. maintaining its present 80-foot plan line with commercial development on both sides and peripheral routing of Rincon and Latimer from Harrison to Winchester.

Diamond found

A diamond ring, valued at approximately $175 has been found and turned over to the Campbell Police Department. Dennis Strong, 1089 No. Central Ave., San Jose, found the ring in the vicinity of Alice Ave. and Third St. The diamond is one quarter karat.

The owner may claim the ring by identifying it at the Campbell Police Department, 75 No. Central Ave. Campbell.



KIRKWOOD PLAZA HOLDS GRAND OPENING--Pictured above is the Round House, the unique octagon-shaped liquor and delicatessen store that is one of the distinctive features of the Kirkwood Plaza Center at San Tomas and W. Campbell Ave, which is holding the grand opening this Thursday, July 15. A special section inside is devoted to the stores in the center. The Round House will be managed by Pete Lico, well known local market manager and former mayor, who is associated with Ira Kirkorian, the center's developer, in the operation of the store.

William Parton heads Campbell elementary board of trustees

Campbell Union School District board of trustees elected William A. Parton president, succeeding Howard Guilbert in the office. Mrs. Eleanor Graham-Armstrong was elected clerk of the board.

WILLIAM PARTON
--board president

Parton was first appointed to the board April 9, 1964, to fill out the unexpired term of former Gregor A. MacGregor, who moved to Clear Lake with his family that March. The new president's term runs to June 30, 1967.

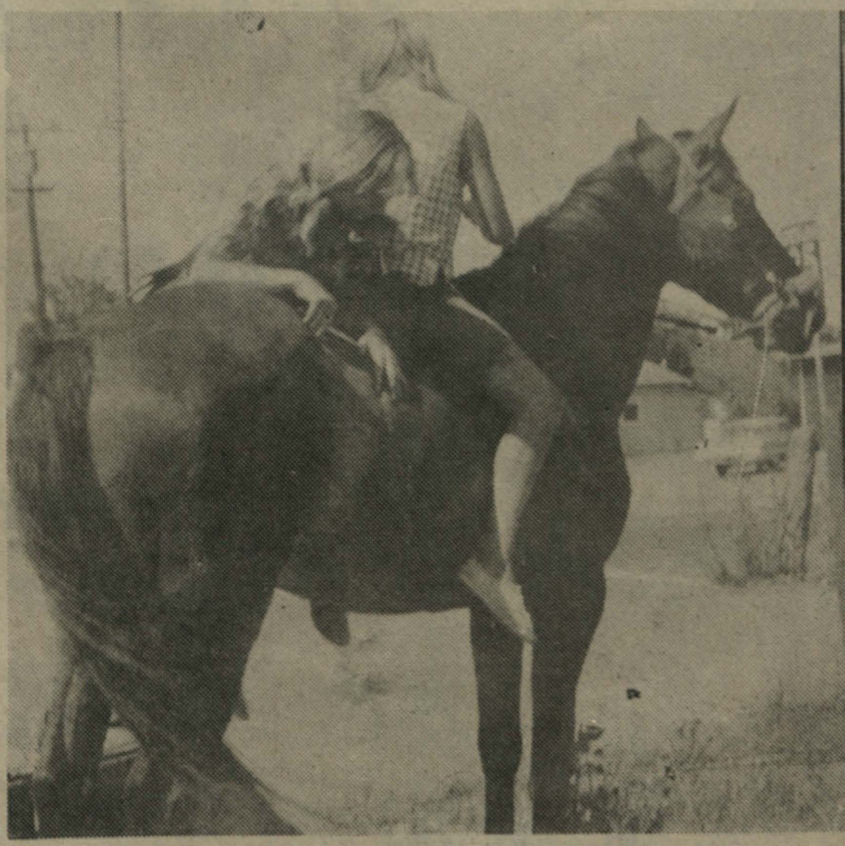
With his wife Nancy and daughters Victoria and Pamela and son Brad, Parton lives at 1380 Ridgeley Drive, Campbell. He conducts his own business, the Parton Insurance Agency, at 1341 Meridian Road, San Jose. His experience includes work on the staff of First Federal (now Citizens Federal) Savings and Loan Association from 1953 to 1960, and a period from 1946 to 1953 as part owner and manager of Mayflower Moving and Storage Co.

Parton served four and a half years with the U.S. Marine Air Corps, leaving the service as a major.

Parton has served as treasurer and president of Dover Home and School Club. His daughters attend Dover, and son Brad will start kindergarten there in September.

Parton also was elected the new representative to the board for the County Committee on School District Organization. Just goes to show what can happen when a fellow is away on vacation and has to miss a board meeting!

His fellow trustees aren't the only ones who have confidence in him. Recently he was selected as "outstanding insurance boss of the year" by insurance secretaries of the area.



O-OOPS - - HOLD ON, I'LL MAKE IT YET

OFF WE GO INTO THE WILD BLUE YONDER

RAPID (?) TRANSIT--Campbell division--The two teen-aged girls pictured above have apparently found the answer to their summer transportation problem. Ann Colburn, of 800 Harriet, (in the back seat) and Kris Bittle, 1005 Estrilliti Way, Campbell, go to town in style on the back of "Brady" (without a saddle yet). The gals trit-trot in from the San Tomas area whenever they want to do a little extra shopping on their own. "Brady" seems unconcerned about it all, sort of resigned to the situation. The unusual appearance of bareback riders on Campbell Ave. during business hours attracted considerable attention from those who use a more conventional transportaion methods to get around. But neither the riders nor the horse seemed to mind. If the heavy traffic congestion continues in the area, maybe the gals have the answer to the communing problem. Got a horse, anyone?

Celebration dilemma

Should the Old Settlers celebration be continued?

That is the question that is being bandied around in official city circles these days.

For 73 years the celebration has been in existence, making it one of the oldest in the state.

Almost every one is agreed that the basic principle of the celebration, the honoring of the pioneer settlers of the community, is worth while.

And every one seems to have a sense of pride over the fact that the celebration has had such a long and eventful history.

The weakness, however, is not in the history of the annual event or what the objective has been.

The problem has been that no single community organization has desired to make the celebration its major project. Consequently it has been in existence on a sort of hit or miss basis.

During the past few years, the Chamber of Commerce has assumed the responsibility of putting on the affair.

But the C. of C. officials have found that it is a time-consuming project and other basic functions of the chamber will suffer accordingly during the preparations.

That particular point was emphasized recently when the C. of C. asked for its annual allocation from the city.

It was pointed out that the celebration, as it has been operated in recent years, is more or less self-supporting. Income from the "gazette" and from the carnival offsets the expenses to a great extent.

But, C. of C. explain, there is no provision to compensate the chamber for the time spent.

In other words, during the six weeks or more that is needed to work on the event before and after, the other functions of the C. of C. virtually come to a standstill.

We concede, along with both city and C. of C. officials, that this is a dilemma. How to resolve it will be difficult.

It first must be decided, in our way of thinking, whether the celebration should have an official status. Should the City Council ordain it as a city function and thus operate it on that plane?

We hastily add that we are not sure whether this can be done on a legal basis. We realize that the city can subsidize the event to a degree. But we have no idea how far the city can go in making it a full-fledged city function.

Probably, however, even before the legal beagles get into the act, the first point that should be decided is whether the Old Settlers celebration should continue at all.

Maybe from a realistic standpoint the celebration has reached the end of its rope and it should be abandoned altogether. Maybe there is another event that could be developed on a community-wide basis which offers more of an incentive for citizen participation?

We have long maintained, however, that the Old Settlers celebration does form an excellent base from which an outstanding community event could be developed. But it will take the wholehearted cooperation of many civic organizations.

We think that there is a good chance that, if a service club or some similar civic organization would move into the picture and agree to make the celebration its annual project, it could be successful.

Councilman Bob McElroy at a recent council meeting said he believed that even if the celebration was expanded there would be no question that it could show a profit for the organization that took it over.

While making money per se should not be the sole objective of any organization that might run the event, we recognize that it does provide an added incentive.

It has been suggested that the Junior Chamber of Commerce might be interested in assuming the leadership in the sponsoring of the celebration.

We think that the Jaycees probably could do an excellent job.

The secret, of course, would be to get the other community organizations to cooperate. Otherwise, nothing would be gained.

To be successful it must be a community-wide endeavor which allows for community participation at all levels.

Thus the whole thing is wrapped up in the basic point of whether the community wants the celebration to continue.

We wish we knew how to find this out.

Have you any ideas?

Firemen perform unusual service

The Campbell Fire Department gets many "Public Service Calls" from local residents in need of help. This week Firemen Art Martin and Larry Puthoff were called to the home of Stephen Valleta, 13, of 1[illegible]6 Memory Lane, to c[illegible] metal ring from [illegible] finger.

Stephen had accidentally stuck his finger too far inside a steel ring used to cut baling wire. The ring was too tight and his finger began to swell. The two firemen put his finger in a vise and used a hack saw to cut the ring off.

GUNFIRE in Campbell is not common, as we all know.

But last week a total of 10 shots were fired by Officer George Wallace, and reserve Sergeant Joel Healy, of the Campbell Police department, while attempting to stop a youthful driver early in the morning.

The shots were fired after the youth behind the wheel attempted to run down the officers on the freeway.

The stolen car was abandoned on Budd Ave. but the youngster got away, despite the efforts of police from Los Gatos, the county, and San Jose who came to the assistance of the local officers.

Although each Campbell police officer carries a gun, very seldom are the guns used.

Off-hand we guess that the 10 shots that were fired last week were more than the combined total of all shots fired since the department was organized in 1952.

-0-

POLICE CHIEF JOHN MORGAN, who has been with the department for 11 years, told us that he has never fired his gun in the line of duty during the entire 11 years.

John can only recall one time that he was forced to pull his service revolver.

Captain Carl Arnold, another senior member of the department, has a similar record.

The Campbell police are proud of this record. And well they should be.

But they must be prepared to use their weapons, John points out, and he is plugging for a police pistol range for the city.

John also feels that as the city grows the chances of pistol shots ringing out in town are also going to increase. That is not a pleasant thought to contemplate but we can see the reasoning behind it. That's the way the bullets ricochet.

It will be interesting in a sadistic sort of way, to compare the next 10-year span with the last, as far as bullets flying, that is.

Should we start ducking?

HOLIDAYS for those of us on a weekly newspaper (unless they fall on weekends) are generally days when we get work done on the paper without the usual operations.

But we did close down our operation on Monday, July 5, on sort of an experimental basis.

As far, as we can recall, it marked the first such Monday holiday that we have been away from the newspaper work in our years of experience.

We are not sure we will do it again.

Golly, Tuesday was a rough day.

Planners ok shopping center on San Tomas

A comprehensive 50-page market analysis on the proposed neighborhood shopping center at Hacienda Ave. and San Tomas Aquino Road provided the impetus for the unanimous approval of P-D (planned development) zoning for the area by the Planning Commission last week.

The report revealed that a sales volume of $4,300,000 could be expected by the center in 1967 regardless of other developments in the area.

It was the second time that the developers, Topaz Builders, had presented a plan for the 8-acre plus parcel. In March, the commission approved the zoning but the council denied it. At that time, a 2-acre plus piece of the land involved was still in the county. It has now been annexed.

As was the case in the previous action, opposition to the new shopping center stemmed from the Turturici family, owners of Big Boy market at Hacienda and Capri which is planned also to be developed into a modern shopping center.

The new plan is essentially the same as the previous one, except that the buildings have been moved closer to the property line and there has been a reduction of 6000 square feet over the previous proposal.

The recommendation of the Planning Commission for the P-D zoning will go before the City Council on August 9. It is expected that the hearing will provoke considerable action by both residents in the area and owners of the shopping centers in the vicinity. Residents in the area have appeared at the hearings in the past to voice their approval of the new shopping center.

In other actions, the commission:

--EXTENDED for six months the time limit of Alec Shopping Center at San Tomas Aquino and Campbell Ave. for the third time to begin building.

--APPROVED plans for James Daly for a retail sales and office building to be located at 71 W. Latimer.

--APPROVED the zone change for Wistaria Development Co., located at 100, 70 and 50 W. Hamilton from R-3 to C-2-S.

--DEFERRED action on the application of Chez and Grattan for approval of P-D zoning for two service stations at the northeast and southeast corners of Hamilton and Marathon Avenues. The commission indicated that it was hoped that the new service station regulations would be ready at that time

Letters to the Editor

THOSE TWO TREES

Dear George,

I want to commend you for your decision to use the two large walnut trees as an identifying mark for your paper.

I don't believe you could have chosen anything more symbolic of Campbell than those two giant trees that are far older than most of us living today.

As you know the Campbell City Council has taken action within the last year to preserve them as a city landmark. Your thoughtful gesture now caps this action.

Incidentally, do you or anyone else, know anything about the history of the trees? This might be useful information to have now that they are community property.

Sincerely,
Ed Rogers,
Councilman
City of Campbell

City Hall briefs

City Council members will be absent from the city for the next council meeting on July 26 and several members may still be on vacation for the first meeting in August.

However, the council plans to make up the time with extra sessions in August, it was meeting Monday.

Council members will attend the National League of Cities Conference in Detroit during the week of July 25-July 30.

In a lengthy session Monday night, in which salaries of employees occupied most of the time, the council also:

--SUSTAINED the Planning Commission ruling on the zone change request of reported at the council Charles and Isabel Prestigiacomo for property located at Hamilton and Eden (across from Rosemary School). The applicants had requested the zone be changed from R-3 to C-1 or P-0. The commission denied the request. The council upheld the planners by a 3-2 vote. Councilmen Bob McElroy, Ed Rogers and Bill Smeed voting for the commission with Mayor Charles Rose and Councilman Ralph Doetsch on the other side.

--DIRECTED staff personnel to attend the County Parks and Recreation Commission on July 28 and push for the development of park areas on Los Gatos Creek from Vasona through Campbell.

--DIRECTED staff personnel to attend the hearing in San Jose called by the Division of Highways on August 5 on the improvement of Highway 17.

--SET August 9 as hearing date for new ordinance regulating coin-operated car wash establishments.

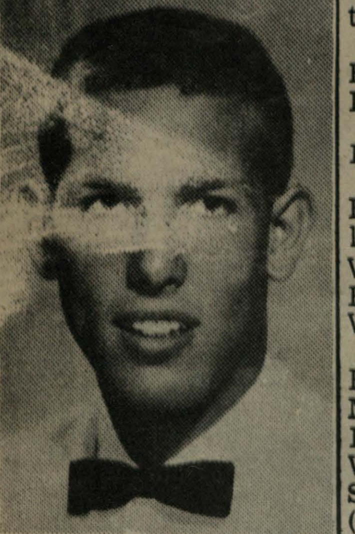
Local youth appointed to West Point

Thomas F. Hendrickson, 19, a 1964 Del Mar High School graduate, arrives at West Point this week for four years' cadet training. He is the son of Mr. and Mrs. Roy G. Hendrickson of 785 Richmond Ave., San Jose.



THOMAS HENDRICKSON

News of Tom's appointment to the U.S. Military Academy came upon his completion of the freshman year at San Jose State College. At Del Mar, Tom served as captain of the varsity football team, played varsity basketball and was senior class president.

Young Hendrickson's father is Major R. G. Hendrickson, USA, retired, and a mathematics instructor at San Jose City College. Mrs. Hendrickson has long been active in local PTA affairs. Tom has three brothers and a sister, all attending local schools.

Cub Scouts

Cub Scout Pack 379 of Hamilton School held their June meeting at Vasona Park. After enjoying a picnic lunch, the Pack opened the meeting under the direction of Cubmaster Ed Bianchi.

Cubs who are continuing to progress down the cubbing trail were then presented the following awards:

Wolf Badge - Nicholas Halayko and John Doyle.

Bear Badge - Michael Riley.

Gold arrow point - Evan Goldman, Nicholas Halayko, Norman Wallace, Michael Riley, Ronald Rice, and Wayne O'Quinn.

Silver arrow point - Ronald Rice, Tim Mason, Jeff Mason, Philip France, Norman Wallace (2), Shane Spano (3), Bill Bagley (2), and Evan Goldman.

Den mother helpers who received their denner bars were Chip Bianchi, Bill Bagley, and Wayne O'Quinn. Those who received their assistant denner bars were Tim Mason and Mark Pearson.

Appreciation from the Pack was shown by the presenting of a plaque to Cubmaster Ed Bianchi and Thank You Certificates to Harry Goldman, Secretary, Mr. Horace Wallace, Treasurer and Awards Chairman, Mr. and Mrs. Steve Niedziela for the use of their home for Pack Committee meetings, and the Den Mothers Mesdames Loretta Harris, Juanita Wallace, Maria Lippert, Terry Halayko, Virginia Aubry, Barbara Parker, and Shirley Mason.

After the awards, father and son teams competed in a three-legged race and a wheelbarrow race. All winners were presented with ribbons.

First grads from West Valley to continue college studies

West Valley College's first graduates (actually, nine men and one woman) plan to continue studies for the bachelor's or higher degree, Jerry H. Gridner, dean of student personnel services, has reported to the trustees.

students, all of whom obviously took work at other institutions since the College has just completed its first year of operation, will be largely represented at San Jose State College. Eight plan to complete upper division work at State; one will enter the University of California at Santa Barbara and one will enter Lewis and Clark.

"For the student body this year as a whole, 77 percent indicated plans to transfer to upper division work and 23 percent chose a terminal or vocational program," Girdner said. "This high rate of transfer is indicative of the priceless value of adequate preparation such as West Valley now offers. This is especially true when one considers the thousands of lower division students the state colleges and university are now being forced to turn away."

This year there were about five faculty members per graduate at the commencement exercises June 18. Next year, Dean Girdner predicted, the graduating class at West Valley will outnumber the faculty "two or three to one."

Campbell pilot dies in crash

A Campbell man, Alex Scandalis, 39, was killed near Saigon last week, when the transport plane he was flying crashed. Scandalis, whose wife and daughters live at 2104 Via D'Este, Campbell, was an employee of Air America, an American owned private airline which carries military cargo in Indo-China under contract with the governments of Laos and South Viet Nam.

Scandalis' wife, Judy, whom he married only six weeks ago, lives with the pilot's three daughters by a previous marriage. Mrs. Scandalis was notified by telegram that her husband's plane had crashed shortly after takeoff at Tan Son Hut airport.

Scandalis was born in Greece, but was raised in Marysville. He was an Air Force pilot during the Korean War and later served as an instructor at Williams Air Force Base in Arizona. His daughters. Theresa, 14, Alexis, 8 and Marcia, 4 were out of town when word of their father's death reached Campbell.

MR. AND MRS. RICHARD EMMET DELMAS
(DIANE LYNN JOHNSON)

Gardens of Via Montalvo are setting for reception

Four bridal attendants preceded Miss Diane Lynn Johnson down the aisle of St. Lucy's Church last month when she became the bride of Richard Emmet Delmas. Father Milan I. Hlebs officiated at the double ring afternoon ceremony.

For her wedding day, Diane was attired in a beautiful gown of white organza with lace appliques at the neckline. It was fashioned in the traditional style with chapel train. Her bouffant veil fell from a pearl crown and she carried a cascade of gardenias and stephanotis.

The bride's sister, Miss Pennie Johnson was the maid of honor. Her full-length aqua sheath of organza over taffeta was designed with ruffled cap sleeves. Her head piece was a short aqua tulle veil and she carried a white lace parasol with aqua and yellow flowers.

Bridesmaids were Misses Diana Runner of Campbell and Lynn Thorn of Covina, Calif. They were attired in aqua gowns identical to the maid of honor. Little Laurie Sutton of San Jose was the flower girl. Her floor-length frock of yellow organza over taffeta was beguiling and she carried a small parasol filled with flowers. Al Tucker served as best man and Tom Aldridge and Gary Flynn were the ushers.

Diane is the daughter of Mr. and Mrs. John Anton Johnson, Jr. of 134 South Hunt Way. She is a graduate of Campbell High School and is now in her senior year at San Jose State College.

The bridegroom is the son of Mrs. Robert Delmas, 3580 Olsen Dr., San Jose. He graduated from Blackford High School and attends San Jose State College, majoring in conservation.

Following the nuptials a reception was held in the Garden Court of Villa Montalvo, Saratoga for approximately 150 friends and relatives, where the happy couple cut a three tiered wedding cake. The newlyweds took a wedding trip to Carmel and they are now making their home in the Willow Glen area of San Jose.

Youngsters who reside at Hamilton Park, one of Campbell's mobile home centers, enjoyed a trip to the San Jose television station, Channel 11, to be on the childrens' program, "Hokus Pokus" last Friday morning. The outing was supervised by the Trailer Park manager, Mrs. Gladys Roe, who is the youth recreation director at the Park. She was assisted by Mrs. Vi Farmer and mothers of the children.

A party was held for the youngsters in the Patio of the Park. Ice cream, gingerbread cookies and other refreshments were served. Among those attending were Mona Mossburger, Rosa Mossburger, Marilyn Miller, Johnny Tupper, Loura Lee Welsh, Riley Welsh, Kenny Mc Donald, Kim Kurtz, Kim Bradford, Laura Rockhold, Cheryl Lee Hall, Lance Jacklich, Stanley McIntyre, Donna Gulan, Tom Farley, Tracy Rose, Vale Lee Rose, Mike Midkiff, Steve Midkiff, and Cheryl Goff.

Selma youths looking for farm work

Thirty-five Negro Youngsters, most of them seniors in high school, have arrived in this area from Selma, Alabama, as part of the "Host" project originated by the Unitarian Church of San Jose.

Five Campbell families are acting as hosts to these boys and girls, who have been promised jobs in a Gilroy food processing plant. Unfortunately the jobs did not materialize, and the group may have to make an unscheduled return to Selma much sooner than they expected.

The youths are willing to work in the fields, orchards, and farms for the balance of July and August. They indicated they would prefer to work in small groups rather than alone. Anyone who has such a job to offer is asked to call St. Lawrence Church, 379-5320, which is co-sponsoring the project.

Boys who will not be 15 years old before August 1 and who will not weigh more than 130 lbs. during the season are elgible to sign-up for one of the Hornets' two teams.

Smaller and younger boys will be assigned to the Stingers, a midget class team sponsored by the Hornets. Sign-ups will continue one week through July 21.

Each player candidate will undergo a 13-part physical fitness test. The tests will be conducted July 22 through July 29 and the test scores will be used as part of a statewide study on youth tackle football. The first practice session is scheduled for Saturday, July 31. The month of August and most of September will be used to try-out and train more than 200 boys for a season which will include games in cities as far away as Phoenix, Arizona.

Now beginning their eleventh season, the Hornets are California's oldest Pop Warner team. During the past ten seasons the Hornets have won the Northern California title five times, the California crown four times, and presently are defending National Pop Warner Champions for the third time.

The Stingers, although only two seasons old, were NorCal runner-up in 1963 and won the title in 1964.

Former Hornet players have won High School All-American honors, played outstanding collegiate football, and received Jr. College All-American honors. Cass Jackson (1955 team) is presently under contract with the Sasketchewan Roughriders of the Canadian Pro League. Many of the local high school conferences All-League selections are former Hornets.

A large contingent from Santa Clara County will be attending the luncheon. Anyone desiring information or transportation may call Mrs. Betty Lawrence, Cy 2-4944 or Mrs. Loretta Riddle, 377-608... Rolling Hills School offers varied program

Folks who believe summer vacation should offer boys and girls opportunities for plain old-fashioned good times might enjoy a look into Rolling Hills School these summer mornings and afternoons, from 10 a.m. to 4 p.m.

This section of the Campbell Union School District summer recreation program is operated strictly for boys and girls who have completed the seventh and eighth grades.

They find at Rolling Hills a very relaxed, informal atmosphere where the emphasis is on enjoyment of their leisure hours. Supervision is by recreation leaders Joe Raco, a San Tomas teacher, and Mrs. Dorothy Yardley, a teacher at Hazelwood School

What do they do? There are several kinds of table games such as carom, chess, checkers and they play horseshoes in the multi-purpose room, using rubber instead of metal. For hours on end they play phonograph records they selected themselves while school was still in session. There are Hollywood movies, and outdoor sports like softball and volleyball.

The notable feature of this recreation is that everybody is doing what he wants to do and having fun. Meanwhile the boys and girls are safe, supervised, but relaxed. They seem to think that summer's worth waiting for.

DISH GARDENS FOR COUNTY HOSPITAL PATIENTS - Pictured here are a portion of the succulents planted in "dish gardens" by Mesdames Joseph Stokes and James Pickard of the Campbell Garden Club for the patients at the County Hospital. Residents of the Camden Convalescent Home were also entertained at the home of Mrs. Stokes, who is Therapy Chairman for the Garden Club.

School board acts to improve district library facilities

School District Board of trustees took action to meet the need for improvement in library facilities at some schools July 8 in its regular meeting.

The first action was acceptance of the bid proposal from Modulux, Inc., to furnish seven portable buildings located at four school sites, in the amount of $2,243 per building per year for three years. This includes transportation to the school sites and erection of the buildings there, with a completion date of August 23. The buildings will be turned over to the district complete, with hooking up utilities the only requirement.

They will have cabinets, carpeting, and luminous ceilings, plus electric heat with two ton pumps which will serve as a cooling method in hot weather.

Trustees observed they wanted to use the opportunity to learn from actual use whether carpeting is really as economical in school buildings as they have heard.

The portables will be placed at Rosemary, Quito, Dover and Sherman Oaks Schools. Four will release classrooms for use as libraries, replacing less than adequate facilities used as libraries in the past.

Trustees authorized Business Manager C. E. Bradley to purchase required furniture, according to a needs list prepared by District Librarian Elaine Hendricks.

The actions were taken unanimously and with considerable satisfaction, since trustees in Campbell Union School District traditionally support a strong library program. They decided on their annual spring tour of district schools that something decisive must be done to bring facilities up to the standard of the book selection and acquisition program.

Three place in tournament

Three members of the Los Gatos Horseshoe Association placed in the open tournament held at the Alameda County Fairgrounds in Pleasonton on July 3. Stan McCarty, Connie Henderson and Verdan Zelmar pitched in the finals and made a good showing. McCarty placed fourth, Zelmar of Campbell took fifth place and Henderson placed seventh.

cussion, had suggested a series of cutbacks totalling $29,882 from preliminary operating budget adopted on June 28. He said other reductions would be recommended before the adoption of the final budget on August 23.

Mayor Charles Rose emphasized the need for caution in city fiscal affairs. He maintained that it was possible to operate the city efficiently with the same staff as last year without adding any new personnel. He said he would go along with the proposed reclassifications and salary increases but felt that there was no need to add any more to the payroll.

Stephens maintained that the budget was realistic and under its provisions, new personnel will be added only in those areas where emphasis in improved services had been indicated by the council. The superintendent of public works, clerk stenographer in the planning department, police clerk in the police department and one fireman are the only additional employees approved in the preliminary budget, he pointed out.

Because the city manager had not made any recommendation for the salaries of the city clerk and city manager, council members went into a special huddle to come up with increases for the two key city hall personnel.

Both were granted approximately a 3.5% increase. Stephens goes from his present $14,400 salary to $15,000 while City Clerk Dorothy Trevethan will receive a total salary of $9,600 next year compared to $9,132 this year. The city clerk's salary is set by ordinance at $300 per month and Mrs. Trevethan receives additional compensation for her other city hall duties.

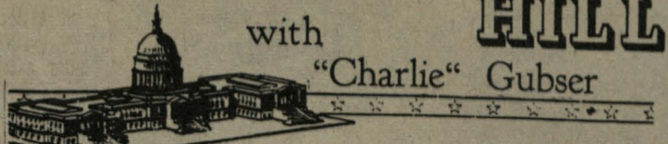
The salary of the city treasurer (Mrs. Velma Olds) is also set by ordinance at $75 per month ($900 per year) but council members have indicated that they favor a new ordinance setting the monthly salary at $100. The city clerk and city treasurer are elective officials.

Raises granted for department heads varied from a low of 1.5% for W. L. (Bud) Morser, building official, going from $928 to $940 per month to a 6.5% hike for Dick Hogan, planning director, who goes from $884 to $963 per month.

Fire Chief George Maxwell and Police Chief John Morgan were given 5.1% increases from $974 to $1023 per month. Bill Wren, acting public works director, will remain at his present $951 per month until January 1 when he will receive $991.

One of the reclassification changes recommended by the staff that provoked considerable discussion at the lengthy session concerned the promotion of Mrs. Evelyn Adamson, deputy city clerk and a specialist in planning matters for the city. Mrs. Adamson will become administrative assistant-planning under the new setup with a 7% increase in salary.

ON CAPITOL HILL



with "Charlie" Gubser

In looking back on my trip to Russia two years ago, my most lasting impression is the sameness and monotony of the housing in which Russian people live. Miles of identical apartments line Russian streets and are assigned to families by the Soviet government. To an American who treasures his right to be different, Russian housing stands as eloquent testimony against socialistic planning.

About two weeks ago a majority of the House of Representatives, which thus far in the 89th Congress has not chosen to exercise its own judgement and has completely accepted President Johnson's, took another giant step toward socialization of housing. This majority, swept into office last November in the Johnson landslide, overwhelmed the small band of Republicans and passed the President's rent supplement program.

Under rent supplement the federal government will subsidize an individual's rent for all that which exceeds 25% of his income. Under the new program if a family makes $250 a month and a suitable apartment costs $100, the head of that family will pay $62.50 toward his rent and the balance ($37.50) will be paid by the government. By moving to a $200 per month apartment, the family could still pay only $62.50 per month and the government subsidy would increase to $137.50. Thus, under the loosely written provisions of the bill, the incentive to own a home could be dulled and some individuals might accept increased federal subsidy as the way to get better housing rather than increased individual effort.

One cannot help but question what the feeling of a family man earning $400 a month and paying $100 a month for rent would be when he saw his neighbor move to $200 quarters and continue to pay only $62.50. He could not be blamed if he, too, chose the easy way to better housing.

On April 21 the Federal Housing Administration announced that under the bill rent subsidies would be allowed in New York City for families with earnings as high as $8,900 per year. Toledo families could earn up to $8,050, and in every instance the maximum income which would still qualify the family for federal rent subsidies was above the national median family income of $6,249. In New York City, it is quite possible that a family could still qualify if it earned $11,300 since federal housing rules allow wives and children to make up to $2,400 which is not counted in the family income.

I voted against the rent supplement program because I believe it will kill incentive and will eventually mushroom into an abused program.

Vicious dog attacks man

Campbell Police are searching for a large black German Shepherd that attacked James V. Shelton at the storage yard of Pop-Up Tops, Inc., located at 879 McGlincy Lane.

Shelton, 27, a salesman for the company, was taken to O'Connor Hospital after suffering severe punctures to his left arm which required seventeen stitches to close.

The dog, with a chain around its neck and a broken rope attached to the chain, came into the office where Shelton was working, growled and eventually wandered outside.

Mrs. Helen Adair, who had come to the storage yard with her son to pick up some supplies, screamed when she discovered the dog inside her pickup truck. Shelton ran to her assistance and the dog attacked him. Police checked the area thoroughly for over an hour, but no trace of the animal was found.
